JAG team Caught Doing Good

Congratulations are in order for the JustAGame 13-Red National athletes who recently were recognized on social media for their class and sportsmanship while attending the Girls Junior National Championship in Minneapolis last week.

Here is the story from the Facebook group "Volleyball Moms":

"I just want to share something totally amazing that happened to our team here in Minneapolis during Nationals.

"On day one, we played three teams and sadly lost to all of them. One of the teams was not so nice at all when our girls were trying to be friendly across the net. Another was police, but not

interested in being friendly. The other team was filled with the most kind-hearted and sweet girls from JustAGame Wisconsin.

"These girls came and cheered for our team at our final game, and us for them. On day two, these same amazing girls from JAG cheered for our team wholeheartedly. Sadly, we played or reffed when they played and we couldn't cheer as much as we'd like to. Today, even longer after they were done playing, JAG came and sat with our team and cheered them on for our first game. The court behind us had an amazing game going with some United SoCal superfans in our downtime and timeouts, us parents were watching

and cheering them on. After United finished their game, the entire team and parents came over to cheer our girls on so loudly we were blown away.

"Our girls lost that one, but you would have never known. They were so happy and filled with joy that their smiles were contagious. Three teams who had never met each other, some not even playing against each other, we're supporting each other's LOVE of the game! Thank you so much to JAG and United. Coaches and parents, you've got amazing athletes and kind humans. Great job."

Officials only need to be 16 years old to ref

Everyone reading this article probably knows a 16-year-old who can use a few extra bucks. Or maybe that person is 17, 18 or even in college. All of those people would love some extra spending money.

You can stop reading there and just share the article or you can keep reading and learn about how officiating can earn referees close to \$30 per hour.

In the Badger Region, referees only need to be 16 years old to officiate – and we'll start training new officials as young as 15 so they are ready to hit the ground running when they turn 16.

So, what are the perks of officiating in the Badger Region?

- As a new ref, you will earn \$27 per match as an “in-training” official.
- After being advanced to “provisional,” you will earn \$32 per match.
- Officials can pick what days they work
- Officials can ask for a full day worth of matches (8-12 matches) or they can for a half-day worth of matches (4-6 matches)
- First-year officials will have ref fee of \$25 waived by the Badger Region
- New officials will also receive a free “ref starter kit” with things like whistles, net

chains and other must for new officials to have in their ref bags

The average club volleyball match lasts about an hour. That means that the average new official earns about \$30 per hour. What other part-time job for kids 16-18 pays that much and allows you so much scheduling flexibility?

Working two weekends per month during the heart of the club season (January through April) can earn an official \$3,840. (That's if you work 16 matches – at \$30 per match -- twice a month for four months.)

At the same time, officials will be able to see friends, coaches and teammates they probably have seen before. They spend time with other amazing officials and they make friends with a great network of tournament directors, refs and teams.

And the reason many officials find a passion for reffing: They get to give back to the sport they love so much.

Volleyball is an amazing community with so many great people.

So, do we have you convinced yet? Here is a quick way to get started -- fill out the Referee Interest Form here: <https://badger-volleyball.org/officials-registration/>

If you want, you can even contact Badger Region Ref Assigner Sara Voigt and she will help get you started and answer any questions you have along the way. Her email address is sara@badgervolleyball.org.

Sara will also help coordinate your follow-up checklist that is required for all new officials. Some of those items include:

- Taking online modules to familiarize yourself with rules can situations that apply to all USAV/Badger Region-sanctioned volleyball events
- Making sure you get the right membership and other requirements (SafeSport/ Background Screening if over the age of 18)
- In-person training at events that start as early as October
- Getting you assignable before the heart of the club season really gets going in early January

It may seem like a lot, but the Badger Region staff is here for you every step of the way. What questions do you have? Why haven't you shared this article already or told that 16-year-old to start working for close to \$30/hour.

We look forwarding to add you to our cadre of amazing officials in the Badger Region.

CAUGHT DOING GOOD

Coach teaches more than just the game

As we look back on the 2022-23 season, we celebrate the great coaches, athletes, parents and officials who were Caught Doing Good by their peers.

Today's CDG features I AM Volleyball Club coach Emily Pankau, head coach of the 15-Gold team.

Write-up: At every match at every event Emily Pankau, a native of West Bend, has led her 15's team to understand sportsmanship, respect and leave a facility or bench better than you found it. Her team displayed outstanding sportsmanship, always shook the referees' hands (regardless of outcome/calls) and cleaned up other team's spills, empty bottles and garbage. This team was respectful and amazing to be around. It stems from a coach that showed them they can be good stewards of the game of volleyball.

Congratulations, Emily!

Thank you for being a positive role model in the Badger Region.

For her service to the volleyball community, Emily will receive some cool Badger Region swag.

Get your jersey questions answered

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect.

To do so, the Region's Ref Chair is encouraging club directors or coaches to send images if there is any concern that numbers are not contrasting enough with the dominant color of the jersey or if a jersey is not contrasting for libero purposes.

The photos of the jerseys should not be of any junior athlete in uniform.

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

If your team plans to attend a USA Volleyball Boys or Girls Qualifier or National Championship, the Region can also help direct you as to the proper channels you must go through to get jersey waivers.

Nominations being sought for those 'Caught Doing Good'

The Badger Region is looking forward to opportunities to feature athletes, coaches, officials and fans in the pages of our newsletter and on our website and social media.

Here's where you can come in. You can also nominate someone for our Caught Doing Good program.

This is for those fans, coaches, officials, players, etc. who go above and beyond.

They are the ones who stay after practice and clean the gym. They are the ones who put in the extra half hour to help after practice if someone needs added training. They are the ones you go to get stuff done.

Let's recognize the folks who are doing things the right way and setting a great example for athletes at all events. And let's encourage one another to pay it forward and discourage poor sportsmanship or behavior on the court or off.

To fill out a CDG nomination and see previous winners, click

REQUENTLY ASKED QUESTIONS

› kids need to try out fore playing beach?

No tryouts for beach. Everyone plays. That's right. Simply sign up and play. No camps, clinics, fees required. Badger Region Volleyball has all about the information for players currently playing volleyball.

› are there specialized positions in beach?

Nope. Only a left and a right side. Most beach plays are well-rounded and include a hit, dig and block.

› do you wear kneepads?

On the sand it's not uncommon. If you have had knee injuries or you just feel most comfortable diving for shots with pads on, then you should not hesitate to wear knee pads or a knee brace while playing.

› are beach courts the same size as indoor?

Beach doubles courts are much smaller. Indoor courts are 60' x 30' and beach courts are 26'3" x 52'6". A taller court ensures rallies last longer.

GET EXCITED TO PLAY BEACH VOLLEYBALL

Beach volleyball has become one of the most popular summertime activities. Why play beach volleyball? Well, it's fun! Benefits of the sport include conditioning, cardiovascular exercise, improved agility, and provides outdoor social activity.

Traditionally when athletes are first playing in the sand, they need to get their "sand legs." Many athletes notice the sand is constantly shifting under their feet

forcing quick position changes using muscles which are often neglected. Over time sand volleyball players develop excellent endurance and stamina.

Getting outside is really good for mental and physical health.

Beach volleyball provides the opportunity to get outside, enjoy some fresh air, exercise, and make new friends. Get a group of kids together, grab a court at a local park and play. Pick up games can be great for kids who are new to the game.

INDOOR VS. OUTDOOR DIFFERENCES

Outdoors: Beach/grass/sand rule

Games played to 21 points

Playing conditions (wind, sun, texture of the sand) are up to Mother Nature to decide. That's why you switch sides every seven points

Teams consist of two players. There's no bench and no substitutions. Once you step on the court, you don't get to leave until the game is decided

Very tight rules on double contacts — therefore you'll see less overhand setting taking place. No setting is allowed on first contact

Beach players must use their palm, locked or curled fingers to hit a short shot over the net

You can penetrate under the net provided you do not interfere with your opponent

Antennas are rarely used except in pro competition. In the absence of antennas, the posts act as antennas for all purposes except player contact

Indoor volleyball rule

Games played to 25

Athletes don't have weather to contend with. You've got four walls, a roof and good lighting

Indoors, you have six athletes on the court at one time and bench players who can sub in (in addition to a libero).

Rules regarding double contacts (especially on first contacts) are more relaxed to allow for longer rallies

Open-hand tips are allowed.

Center line violations can occur if an athlete causes a safety risk or gains an advantage going past the center line

Indoor rules strictly stipulate the use of antennas to define the crossing space over the net.

ADVICE FROM THE EXPERTS

Olympian April Ross said there is one big difference going from the indoor game to the beach. "It's the mental endurance. "You can't have any mental letdown. You have to approach each one with intensity and emotion."

When asked if he believes indoor players should also play sand volleyball, former Stanford University

women's coach John Dunning says yes and that "playing sand can help a player in a variety of ways, including enjoying the game for a longer time and benefiting from the mental aspect of playing on a two-person team."

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:
